

You're Changing Space Travel! Come Learn to Fly with Us!

As our 'next-door neighbor' at SpaceX, come fly with us and receive

★ **10% off of your first 10 hours of flight training**

in our brand-new Cirrus aircraft

—and—

★ **10 free hours of simulator time**

in our FAA-approved Flight Simulator

That's an overall **savings of over \$1,500** just for being a SpaceX employee! Those of us in aviation—and space travel—are driven by passion! The passion to question conventional wisdom, or to make change by pushing beyond all we know...to evolve humankind and live amongst the cosmos!

If you work at SpaceX, you're a different breed! Can you imagine the kind of new insights you'll gain by taking to the skies with a Private Pilot License in your pocket? We do, and that's exactly why we're excited to offer these flight benefits to employees of the leader in space exploration!

Terms:

- Instructor and Aircraft Rental billed separately
- 10% savings will be assessed to each billable service up to 10hrs
- Student pilots must complete 5 hours of flight training before having access to simulator time
- Promotional sim time does not include associated Instructor's time
